Title: Letter of recommendation for Clinical Touch Massage

To whom it may concern,

My name is Craig Devine, Head Athletic Trainer for the Columbus Crew professional soccer team in Major League Soccer. Manual treatment and massage are very important to the care and prevention of our professional athletes. While we were in pre-season in Orlando, Florida, we had the pleasure to utilize the services of Clinical Touch Massage. We did not travel with our massage therapist, and Brian and his team provide massage services during our stay as we played in the Disney Wide World of Sports Tournament.

The Clinical Touch Massage staff was very professional and provided soft tissue treatment to help our players recover and reduce muscle issues while we played 4 matches in 2 weeks time. I recommend this group without reservation for the quality of care they provided for our athletes. Please call if you have any questions.

Respectfully,

Craig Devine, PT, ATC
Head Athletic Trainer
